

Camry

OH WHAT A FEELING

You'll feel it with every drive. In every twist and every turn. It's our unwavering commitment to move you, not only today, but well into tomorrow as we relentlessly re-imagine the future of mobility.

With our eyes on the horizon, we're committed to creating a future where all of humankind is empowered with the freedom to move.

Join the revolution

Fresh, bold and different. Camry, Australia's favourite mid-size sedan, is designed, engineered and built to prove that everyday excellence can be truly exciting.

Beneath its dynamically balanced and athletic exterior lines, you'll find Camry is underpinned by Toyota's advanced New Global Architecture (TNGA), delivering heightened levels of comfort

and driving performance. This universal design excellence is matched with the intelligence of the latest technology and safety features, including Toyota Connected Services¹ (TCS) to help keep you connected and provide assistance in the case of an emergency.

Once within the luxurious interior, you'll quickly discover why Camry is redefining standards

and elevating the expectation of what modern comfort should be.

Under the sculptured bonnet you can choose from the latest generation Toyota Hybrid system that delivers an impressive 160kW of combined power on all grades, or the performance of a 2.5L 4-cylinder petrol engine only available on Camry Ascent.

Front cover: Camry SX shown
This page: Camry SL shown

The shape of brilliance

Sleek and seductive, the eye-catching exterior of Camry seamlessly blends brilliance into beauty.

Centred upon Toyota's acclaimed New Global Architecture (TNGA), Camry is designed to not only heighten the senses, but also deliver a total driving experience.

As well as being aerodynamically efficient, the low, angular bonnet line is designed to provide clear visibility for the driver. It's broad on-road

stance and dynamic grille express strength and stability that flows effortlessly into the tapered rear bumper and extended rear combination lamps.

More than elegant, the stylish lines of Camry's lightweight body hide a highly rigid frame that's paired with double wishbone rear suspension to deliver responsive handling and precise steering. The advanced exterior design also improves the quality and comfort of the drive.

Sitting beneath the distinctive wheel arches, stylish 17" alloy wheels are fitted as standard, rising to 18" alloys on SL, and 19" on SX grades. Plus the glass panoramic roof on SL variants opens yet another dimension of luxury and pure driving pleasure.

Pure comfort and connection

Step aboard, and you'll quickly appreciate the ergonomic comfort, effortless style and intelligence of Camry.

Enter and start Camry while the key remains in your pocket or bag with the smart entry and start system on Ascent Hybrid, Ascent Sport, SX and SL.

Every Camry features the added safeguard of Toyota Connected Services¹ (TCS) that uses a built-in SIM and sensors to help keep you connected in the case of an emergency, with the added security of Automatic Collision Notification² (ACN), the peace of mind of Stolen Vehicle Tracking² (SVT) and a one-push SOS Emergency Call.²

The superb sound in Camry SL is thanks to the 9-speaker audio system with 9" colour touchscreen display with seamless connectivity to Apple CarPlay^{3,4} and Android Auto^{TM,3,5} (speak to your Dealer about device compatibility). It also includes Bluetooth^{®6} connectivity, voice recognition and USB⁷ inputs as well as satellite navigation and SUNA^{TM,8} traffic channel updates.

The 7" colour Multi Information Display on Ascent Sport, SX and SL provides real-time trip, road and vehicle data information including fuel consumption, satellite navigation directions, audio settings and vehicle monitoring data. The 4.2" MID on Ascent also displays a selection of essential trip, vehicle and audio detail, all with fingertip control.

The Head-Up Display (HUD) on Camry SL projects driving information and important warnings onto the bottom of the windshield.

On all grades, the single touch Electronic Park Brake adds an extra level of convenience, and when backing into spaces the reversing camera⁹ helps provide a clear view of what's behind.

Whatever the weather outside, the air conditioning will maintain perfect comfort inside Camry through dual-zone automatic climate control for Ascent Hybrid, Ascent Sport, SX and SL.

- A Paddle shift controls – SX and SL only
- B Smart start engine button – Ascent Hybrid, Ascent Sport, SX and SL only
- C 9" colour touchscreen display – available in Ascent Sport, SX and SL. SL grade shown
- D Dual-zone automatic climate control – Ascent Hybrid, Ascent Sport, SX and SL only
- E 60/40 split fold seats

The power to thrill

The sporty Camry SX is a refined thoroughbred developed purely for those seeking to elevate their driving experience.

From the prominently flared front end with side fins, to the powerful rear spoiler tipped tail, this is every part a performance machine designed and engineered to thrill.

Its sports tuned suspension provides livelier handling and is paired with 19" alloy wheels that feature V combination spokes with accentuated edges and a dark finished surface, all this is rounded off with premium Dunlop^{®10} SP Sport tyres.

The latest generation 2.5L VVT-iE Toyota Hybrid System produces 160kW of highly responsive power to deliver sporty performance through the Continuously Variable Transmission (Auto CVT), making it seriously fun to drive.

The Camry SX is further enhanced with a honeycomb mesh grille to complement its athletic stance. The dynamic design cues continue inside with red or black leather accented sports seats that are sculptured to provide extra support and comfort.

Camry SX. Ready to excite, when you are.

An aerial photograph showing a winding asphalt road that curves through a dense green forest. The road is dark and has white lane markings. To the left of the road, there is a rocky, brownish terrain with visible geological layering. The background is a soft, hazy landscape with more trees and a light sky.

Hybrid like no other

The Camry 2.5L Hybrid delivers unparalleled low fuel consumption and performance with the ability to travel up to 1190km¹¹ uninterrupted, without ever needing to be plugged in.

With Camry Hybrid, even greater fuel efficiency now means no compromise on serious power.

Toyota has led the way in Hybrid technology for over 23 years. And as we continue to drive the future of mobility, it's easy to see why millions of drivers worldwide have made the switch.

The Hybrid System

Four Key Benefits

Toyota Hybrid's latest technology gets you moving powerfully and smoothly every time. Enjoy an uncompromising drive with responsive, dynamic performance.

Quiet

The quieter and calmer experience in a Toyota Hybrid is proven to deliver one of the most satisfying and enjoyable drives on the road, with no compromise on vehicle responsiveness. It's why millions of Hybrid drivers choose never to go back to petrol-only engines once they've made the switch.

Reliable

Toyota's Hybrid System offers the reliability and quality you can always expect from Toyota. Tested and trusted for over 23 years – so no matter where you go, you'll have peace of mind in every drive.

Powerful

Experience an uncompromising drive in a Toyota Hybrid with responsive, dynamic performance. You get impressive off-the-line torque that gets you moving powerfully and smoothly every time.

Starting off

The electric motor is used primarily and power stored in the battery is used to turn the motor.

Full acceleration

Power is provided by the petrol engine in addition to the electric motor. Output is maximised for acceleration.

Braking and deceleration

The electric motor functions as a generator to recharge the battery by itself. No fuel is used, so there are minimal CO₂ emissions.

Normal driving

A mix of petrol and electric is used for best economy, depending on the conditions. The battery is recharged where possible.

At rest

With the car brought to a stop, the petrol engine cuts off. The system automatically avoids idling to conserve fuel and reduce CO₂ emissions.

Sophisticated strength

The Camry revolution puts the power into your hands. With a choice of two different engines, you'll be sure to find the right strength to match your sophistication.

The 2.5L 4-cylinder Hybrid engine is available on all Camry grades and features reimagined hybrid power and efficiency. It seamlessly matches the response of a Dual VVT-i (Variable Valve Timing with intelligence) petrol engine and Toyota Hybrid System technology to deliver an impressive 160kW of combined power with enhanced fuel economy.

The 2.5L 4-cylinder petrol engine is available on Camry Ascent and incorporates lightweight design to deliver high performance with 152 kW of power. The Dual VVT-i (Variable Valve Timing with intelligence) petrol engine optimises the intake and exhaust timing to realise excellent response and lower emissions.

Safety by design

Safety sits at the very heart of the Camry DNA, recognised by its maximum 2017 5-star ANCAP safety rating.

It starts with a body structure specifically designed to improve protection for everyone inside. The driver and passengers are surrounded by the safety of 7 SRS airbags fitted as standard.

On steep slopes, Hill-start Assist Control⁹ (HAC) can help you to start moving forward safely, while Vehicle Stability Control⁹ (VSC) is designed to counteract any over or under steer when cornering on slippery surfaces.

When parking or manoeuvring in tight places, the front and rear clearance sensors on Ascent Sport, SX and SL help guide you with an audio alert. On the open road, Dynamic Radar Cruise Control with Road Side Assist⁹ (RSA) is fitted on all grades and helps maintain a constant distance from the vehicle in front, as well as helping maintain the correct speed in accordance with the speed limit displayed on road side signs.

In Ascent Sport, SX and SL, Blind Spot Monitor⁹ (BSM) uses radar to detect vehicles in blind spots and issue a warning through an indicator in the outer rear view mirror. When backing up, Rear Cross Traffic Alert⁹ (RCTA) uses the same sensors to detect vehicles approaching from either side and issues an audio and visual alert for the driver.

The added benefits of Toyota Safety Sense⁹ actively assist the driver to help avoid accidents and reduce damage in the unlikely event of a collision.

Toyota Safety Sense

At Toyota, we believe it's simply not enough to say "safety comes first" – we prove it. That's why, in our ongoing pursuit of creating ever safer cars, now and into the future, we developed Toyota Safety Sense⁹ (TSS). A suite of active safety features designed to help support safe driving and help protect you and your passengers.

Camry features the latest TSS driver assistance technologies, aiming to recognise and help avoid certain hazards and collisions, giving you and your passengers greater peace of mind wherever you're headed. Camry TSS features differ by grade, please visit toyota.com.au for vehicle and specification information.

Pre-Collision Safety system with pedestrian and cyclist detection

(PCS) with pedestrian and cyclist detection is a multi-stage warning system. Using an integrated camera and radar to help detect other vehicles in front of you, the PCS is designed to assist the driver where there is a likelihood of frontal collision with cars and pedestrians during day or night, or cyclists during the day time. PCS includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision appears to be unavoidable automatic braking to help mitigate impact.⁹

Dynamic Radar Cruise Control with Road Sign Assist

Dynamic Radar Cruise Control with Road Sign Assist is designed to help keep a constant distance between vehicles. It uses a milliwave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help you maintain a set distance. It also has the added benefit of helping maintain the correct speed in accordance with the speed limit displayed on road side signs.⁹

Lane Departure Alert with steering assist

Lane Departure Alert with steering assist is designed to help prevent vehicles drifting from their lane, by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane. It may also apply additional steering force if needed, to help you stay in your lane.⁹

Automatic High Beam

Using a camera to sense either approaching headlights or the tail lights ahead, Automatic High Beam is designed to help you maintain safe and considerate driving by switching between high and low beam as needed.⁹

Camry Ascent

- 2.5L Dual VVT-i 4-cylinder petrol engine
 - 8-speed automatic transmission – petrol only
 - 17" alloy wheels
 - Bi-Beam LED auto-levelling headlamps, LED tail lamps and Daytime Running Lamps (DRLs)
 - Electronic Park Brake
 - Driver's seat power adjustable lumbar support
 - 4.2" colour Multi Information Display (MID)
 - Steering wheel controls for MID, telephone and audio
 - 7" colour touchscreen display with Bluetooth® and myToyota¹²
 - Audio system with 6 speakers and USB input⁷
 - Reversing camera with moving guidelines
 - Toyota Safety Sense⁹ – including Pre-Collision Safety system with pedestrian detection, Lane Departure Alert, Automatic High Beam and Dynamic Radar Cruise Control with Road Sign Assist, Emergency Steering Assist and Intersection Turn Assistance
 - Toyota Connected Services¹ – with inbuilt communication device
 - 7 SRS airbags
 - Apple CarPlay®^{3,4} and Android Auto™^{3,5}
- Exclusive to Hybrid:**
- 2.5L VVT-iE petrol engine with Toyota Hybrid System
 - Continuously Variable Transmission (Auto CVT)
 - Dual-zone automatic climate control
 - Smart entry and start system

- A Bonnet protector – tinted
- B Parking sensors⁹ – front corner
- C Bonnet protector – clear
- D Headlamp protectors
- E Slimline weathershields – set of 4
- F Rear bumper protection plate
- G Scuff guard
- H Dash camera
- I Parking sensors⁹ – rear
- J Tow bar, tow ball and trailer wiring harness¹⁵ – sold separately

The Toyota Advantage

When you join the Toyota family, you get so much more than a new car feeling. You get a lifetime of benefits keeping you moving now and well into the future.

Discover your Toyota lifetime of advantages at toyota.com.au

Discover the freedom of Toyota Access¹⁶

Toyota Access puts you in complete control when buying a new car, with lower monthly repayments.¹⁷ Drive out of the Dealership with a clear road ahead then drive back a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with flexibility and assurance. To discover Toyota Access for yourself visit toyota.com.au/toyota-access

Capped price servicing¹⁸

A new Toyota means you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to five years or 75,000km, whichever occurs first (including Genuine parts, labour and fluids). For the full benefits consult a Toyota Dealer or visit toyota.com.au/advantage

Toyota Warranty Advantage

Every new Toyota is built to exceptional standards, and from 1 January 2019, Toyota vehicles are backed by a five year/unlimited kilometre warranty.¹⁹ If your vehicle is properly serviced and maintained per its Warranty and Service Book, we'll extend your engine and driveline warranty for an additional 2 years,²⁰ giving you peace of mind for years to come. In the event of a claim covered by warranty, you are covered by a 60 day money back guarantee and 7 years emergency assistance including expenses related to car hire, towing or even accommodation if required. For more information visit toyota.com.au/owners/warranty

Your battery goes further²¹

The Hybrid battery used by Toyota, requires no maintenance, charges automatically while you drive and never needs to be plugged into a power supply. From 1 January 2019, Toyota Hybrid batteries are backed by a five year/unlimited kilometre warranty. Complete an annual hybrid battery health check according to Toyota specifications during routine maintenance, and we'll extend your Hybrid battery warranty to 10 years.

Finance to get you going

If you need a little help, Toyota Finance²² can offer you a wide range of vehicle financing options. With Toyota Finance, you'll have the peace of mind of dealing with one of Australia's leading vehicle finance corporations with over 30 years experience. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.

Insurance options

Our Comprehensive Motor Vehicle insurance policy is packed with great benefits including; agreed value cover, new vehicle replacement if your Toyota is written off within the first three years, use of Toyota Genuine Parts, and a Lifetime Repair Guarantee on repairs authorised by Toyota Insurance.²³ For more information visit toyota.com.au/insurance

Extend your peace of mind

Whether it's a flat tyre, lost keys or a flat battery, Toyota Roadside Assist²⁴ is never more than a phone call away. Available 24 hours a day, seven days a week, our technicians are there to help you get back on the road. For more information visit toyota.com.au/insurance/roadside-assistance
