Drive your Ambition

TRITON

BUILT TOUGH FOR WORK OR PLAY

In a Mitsubishi Triton you can take on whatever the day serves up – for work, play and everything in between. Engineered to deliver power, performance, technology and towing capacity to get the job done. Triton's full-sized attitude and engine muscle comes in 4x2 and 4x4 Single Cab, Club Cab and Double Cab body styles, so there's a model for the farm, the building site, outback or around town. The Triton's dependable, durable design and toughness allows you to get the job done anytime, every time.

DOUBLE CAB

Triton Double Cab models have everything you want in a tough, reliable and durable ute. Whether it's the GLX, GLX+, GLX-R for work, or the GLS and GSR for play, Triton's range of 4x2 and 4x4 Double Cab models makes choosing the toughest job of all.

- + Double Cab models provide ample head and shoulder space in the front, and generous legroom in the back to easily carry five adults.
- + The GLS and GSR models impress wherever they go, amplifying a strong off-road attitude with defined fender guards, LED headlights, 18" alloy wheels and LED Daytime Running Lights, while GLX-R and GSR feature black alloy wheels and black grille. All models except GLX, come with rear differential lock.
- + Automatic air conditioning and air circulator for the rear add to interior comfort in GLX+ and GLX-R, while GLS and GSR have dual zone air conditioning for added passenger comfort. The GLS Deluxe option and GSR models are available with leather appointed seats, power driver seat and heated front seats.
- + Cruise control and audio steering controls are also on hand to ensure the drive is just as relaxing as it is rewarding.
- + Triton GLS and GSR's Smart Key lets you lock and unlock doors, and even start the engine with the touch of a button, all while your Smart Key is tucked safely in your bag or pocket.

- + GLX, GLX+ and GLX-R offer the latest MiTEC[^] safety features including Forward Collision Mitigation and Lane Departure Warning plus the added convenience of intuitive Auto Rain Sensing Wipers, Auto Dusk Sensing Headlights and electrochromatic rear view mirror. The GLS and GSR models add Hill Descent Control, Auto High Beam, Ultrasonic misacceleration Mitigation System (Auto only), Rear Cross Traffic Alert, Blind Spot Warning and Lane Change Assist.
- + Triton GLX and GLX+ help you stay in touch with MiDisplay Audio^{*}, a true extension of your smartphone via Android and Apple connectivity. Connected to a 7" touchscreen, you can access your phone's compatible apps and get directions, make calls, send and receive messages, and listen to music from any source. To ensure safety while you drive, the primary call and music streaming functions can be controlled by steering wheel controls, so your eyes stay focused on the road ahead.
- + The Multi-Information Display keeps you updated on driver information including trip computer, driving distance and fuel consumption.
- + The Triton GSR and GLS Deluxe option boasts a Multi Around Monitor with a 360° bird's eye view of your car. The view from cameras mounted on the front, rear and sides of the vehicle can be displayed in various combinations to reveal what is in blind spots and help you park more safely.

[^]Please drive safely and never rely solely on these systems while driving. Drivers are fully responsible for their own safe driving. ^{*}MiDisplay's smartphone connectivity will not operate in areas with no signal and may not operate in supported areas where the signal is weak. Users are responsible for all charges incurred using smartphones to connect to MiDisplay. Some functions may not be available for use depending on the user's location. Only compatible Apps can be used. MiDisplay is an original product of Mitsubishi Motors Australia.

EVERYTHING FOR YOU AND YOUR CREW

The Triton may be built for hard work, but it also comes equipped with all of life's modern comforts including luxurious leather appointed seats* in the Triton GLS Deluxe option and GSR. Ample rear cabin legroom means there's room for everyone in your crew or family.

Rear Air Circulator*

An adjustable roof mounted air circulator ensures passengers seated in the Triton's rear cabin are kept in complete comfort.

Rear Seat Smartphone Tray* with USB Charging Sockets^

Even when your crew is working flat out, their phones will never be flat. A rear seat smartphone tray with integrated USB sockets keeps phones and devices within safe and easy reach as they recharge between jobs.

**BUILT FOR WHATEVER
IS ASKED**

CLUB CAB

The 4x4 GLX Cab Chassis and GLX+ Pick Up models have all the features you'd expect in a hardworking truck, with reverse camera[†], extra room to carry gear in the cabin or rear seats for the occasional passenger. Exterior features include clamshell style doors and platform style side steps^{*} for easy access.

- + Stay in touch wherever you go. Whether you're on a long trip to the river or just to the work site, Triton's MiDisplay[^] audio with smartphone connectivity and audio streaming helps you keep in touch. Close at hand steering wheel audio, phone and cruise control switches make driving and working much easier.
- + Tilt and telescopic steering is standard across the range, enabling drivers to find their own ultimate driving position.
- + Monitoring your Triton's performance is easy with the Multi-Information Display that includes trip computer, driving distance and average fuel consumption.

- + The easy to operate Easy Select 4WD dial allows you to switch between 2WD and 4WD on the move at speeds under 100km/h. GLX+ models feature rear diff lock.
- + Club Cab 4WD models feature heavy duty suspension matched to all terrain tyres for greater grip off-road.
- + Club Cab models feature MiDisplay[^] connected to a 7" touchscreen, style and convenience features also include 16" alloy wheels, side steps, rear step bumper, piano black interior accents and automatic air conditioning on the GLX+ model only.
- + GLX+ and GLX Auto transmission provide the latest in MiTEC[^] safety technology including Forward Collision Mitigation and Lane Departure Warning plus intuitive features such as Auto Rain Sensing Wipers and Auto Dusk Sensing Headlights.

[^]MiDisplay's smartphone connectivity will not operate in areas with no signal and may not operate in supported areas where the signal is weak. Users are responsible for all charges incurred using smartphones to connect to MiDisplay. Some functions may not be available for use depending on the user's location. Only compatible Apps can be used. MiDisplay is an original product of Mitsubishi Motors Australia[†]Reverse camera comes standard with Mitsubishi Genuine Accessory Tray and Pick Up models. ^{*}GLX+ Club Cab model only. [^]Please drive safely and never rely solely on these systems while driving. Drivers are fully responsible for their own safe driving.

BUILT FOR HARD WORK

SINGLE CAB

The GLX Single Cab-Cab Chassis 4x2 and 4x4 models are robust, reliable and safe to get the hard jobs done. Both the 4x2 and 4x4 models are diesel only and available as manual or auto.

- + Cab Chassis models feature heavy-duty suspension.
- + For extra peace-of-mind, all Triton models feature side steps, speed sensing auto door lock and crash detection door unlocking for added safety.
- + 4x4 models have Easy Select 4WD which allows you to switch between 2WD and 4WD on the move at speeds under 100km/h with the touch of a dial.

- + MiDisplay Audio[^] with smartphone connectivity, USB Port and steering wheel audio, phone and cruise control switches are close at hand ensuring you remain safely focused on the road ahead.
- + Information such as trip computer and average fuel consumption are all within easy sight of the driver on the featured Multi-information Display.
- + Tilt and telescopic steering is standard across the Triton range, allowing even the fussiest driver to find the most comfortable driving position to suit.

[^]MiDisplay's smartphone connectivity will not operate in areas with no service signal and may not operate in supported areas where the signal is weak. Users are responsible for all charges incurred using smartphones to connect to MiDisplay. Some functions may not be available for use depending on the user's location. Only compatible Apps can be used. MiDisplay is an original product of Mitsubishi Motors Australia.

BUILT FOR POWERING UP

Power – you've either got it or you don't.
And with Triton you've got it in a big way.

MIVEC Turbo charger
High power (133kW//3500rpm)

2.4-litre turbo diesel engine

2.4 LITRE MIVEC TURBO DIESEL ENGINE

At the core of Triton sits this refined and super-responsive 2.4L DOHC MIVEC 16 valve common rail intercooled diesel engine. An aluminium cylinder block, and strong yet lightweight materials reduce weight, and with a compression ratio of 15.5:1, it's among the quietest and most efficient diesel engines on the market contributing to better torque and power across the whole rev range. In fact, we know it will exceed your expectations. Peak power is 133kW at 3500rpm, while torque is an impressive 430Nm at 2500rpm across both manual and automatic transmission models. The lightweight engine achieves low fuel consumption and CO₂ emissions across the range, while also delivering outstanding power and performance.

6-SPEED MANUAL TRANSMISSION OR 6-SPEED AUTO* WITH SPORT MODE

Triton's turbo diesel power is matched to a 6-speed manual transmission or a 6-speed auto transmission with Sports Mode that allows you to change gears with the ease of shift for manual-like driving control.

ALL TERRAIN CONFIDENCE

Built for maximum stability and traction, Triton's rugged frame and aerodynamically contoured body contribute to solid handling and stable highway performance. Reliable 4WD traction combines with an advanced suspension to keep you in touch with the surface conditions so you stay in firm control.

2H (2WD High Range)
For normal road conditions.

4H (Full Time 4WD)
For slippery roads and hazardous conditions.

4HLC (4WD High Range with locked centre differential)
For low-grip surfaces like unsealed roads and sand.

4LLC (4WD Low Range with locked centre differential)
For rugged terrains, steep hills, mud and snow.

SUPER SELECT II 4WD

Cutting edge four-wheel drive capability is synonymous with Mitsubishi, and the Triton is no exception. GSR and GLS models are fitted with Mitsubishi's Super Select II 4WD system, which offers four driving modes: 2WD High Range, Full Time 4WD and High and Low Range 4WD with locked centre differential. Using the drive selector dial you can switch between 2WD (2H) and 4WD (4H, 4HLC) with shift-on-the fly convenience at up to 100km/h.

EASY SELECT 4WD

Easy Select 4WD on GLX, GLX+ and GLX-R models offers 2WD and 4WD High and Low Range. Both systems have an easy-to-operate four-wheel drive selector dial that allows the driver to switch between 2WD and 4WD on the move at speeds under 100km/h.

REAR DIFFERENTIAL LOCK

The Triton GLX+, GLX-R, GLS and GSR feature an electronic rear differential lock that delivers the traction needed to navigate treacherous off-road situations.

OFF ROAD MODE

With GLS or GSR models you can further improve off road traction by using the Gravel, Mud/Snow, Sand or Rock* setting. Simply press the OFF-ROAD MODE selector until the appropriate mode appears in the Multi-Information Display. Engine output, transmission settings and traction control adjust accordingly for optimum performance.

HILL DESCENT CONTROL

Mitsubishi's Hill Descent Control on the GLS or GSR models enables you to maintain a constant speed by controlling brake pressure according to the ground conditions when going down a steep gradient.

11.8 METRES TURNING CIRCLE

Triton offers exceptional manoeuvrability without compromising interior cabin or load space. The compact wheel-base delivers an outstanding turning circle of 11.8 metres making parking and negotiating tight spaces easy.

* The ROCK setting is available in the 4LLC setting only. OFF-ROAD MODE is only available in the 4HLC and 4LLC settings.

BUILT TO MOVE YOUR WORLD

Pile it on: Triton can take it. The strong and reliable Triton is built to handle whatever week or weekend challenges come your way.

Double Cab

Club Cab

Reinforced rear corners

4 cargo bed inner hooks

TRITON HAS YOUR CARGO SORTED

The cargo bed on Double Cab models provides ample load capacity with 1520mm length and 475mm depth. Featuring inner hooks and rear gate with an easy to use single handle, the extra reinforcement in the construction of the spacious cargo bed makes it even more durable. In the cargo bed the rear corners are specially reinforced to disperse the force of impact and prevent damage when your cargo shifts.

BUILT TO TOW YOUR BIGGEST TOYS

Double Cab 4x4 models have a 3.1 tonne braked towing capacity, with a Gross Combination Mass rating of 5.885 tonne and low kerb mass. 4x4 Single Cab and Club Cab models have a 3 tonne braked towing capacity. Triton provides the perfect balance between towing capacity and vehicle payload to suit a range of towing requirements. So, whether you're towing the family fishing boat, equipment or trailer, the Triton has you covered.

GUIDE. PROTECT. CONNECT.

MiTEC

Mitsubishi Motors Intuitive Technology or MiTEC, is an integrated system* of brilliant innovations in action, working in unison to guide and protect, alert and connect, even entertain. It thinks like you, reacts like you, before you even know it. MiTEC delivers unsurpassed safety and next generation features to the modern-day driver.

Rear Cross Traffic Alert^{†1}

Mitsubishi's Rear Cross Traffic Alert system helps detect a moving vehicle when reversing. It alerts you via a buzzer sound, plus an indicator light appearing in the combination meter and blinking light in the side door mirror.

Blind Spot Warning^{‡2} & Lane Change Assist^{‡2}

Mitsubishi's Blind Spot Warning and Lane Change Assist helps you change lanes with confidence. The Lane Change Assist system sounds an audible alert and displays a blinking warning in the door mirror when the system detects a high collision probability with a vehicle coming from behind and moving towards the same direction within 3.5m from your vehicle's side or 70m from its rear bumper.

Lane Departure Warning^{‡†}

Mitsubishi's Lane Departure Warning uses a camera to issue an audible alert and shows a warning on the multifunction display if your vehicle drifts from its lane while the turn signals are not operating.

*Please drive safely and never rely solely on these systems while driving. Drivers are fully responsible for their own safe driving. *GLS Deluxe and GSR only. #GLX, GLX+ & CLX-R models only. †GLS and GSR models only. 1. Do not rely solely on this system, which may not detect all moving vehicles in certain conditions. 2. The detection and control capabilities of BSW and LCA are supplementary only and do not warn you of vehicles in blind spot every situation. BSW and LCA may not activate in some situations. ‡Available on pick up models and on cab-chassis models fitted with Mitsubishi's genuine accessory tray.

Forward Collision Mitigation^{#13}

Mitsubishi's Forward Collision Mitigation system detects obstructions ahead and issues a visual and audio alert when there is a danger of collision, automatically applying the brakes to avoid collision or reduce impact.

Hill Descent Control[†]

Mitsubishi's Hill Descent Control enables you to maintain a constant speed by controlling brake pressure according to the condition of the ground when going down a steep gradient at speeds between 2km/h and 20km/h.

Auto High Beam[†]

Mitsubishi's Auto High Beam detects both the headlights of oncoming vehicles and the tail lights of vehicles ahead, automatically switching between high and low beams.

Ultrasonic misacceleration Mitigation System^{†4}

Mitsubishi's Ultrasonic misacceleration Mitigation System reduces the chance and severity of hitting obstacles 4m in front or behind when a driver mistakenly presses the accelerator when stationary or at speeds up to 10km/h.

Multi Around Monitor[†]

Mitsubishi's Multi Around Monitor provides a 360° birds-eye view of your car. The view from cameras mounted on the front, rear and sides of the vehicle (including birds-eye view) can be displayed in various combinations to reveal what is in blind spots and help you park more safely.

Active Stability Control

Mitsubishi's Active Stability Control intuitively recognises when you over-steer or under-steer and applies brake force to appropriate wheels to keep you stable through corners.

Auto Rain Sensing Wipers[†]

Mitsubishi's Rain Sensing Wipers activate automatically when moisture is detected on the windscreen, allowing you to keep your hands on the wheel and your focus on the road ahead.

Active Traction Control

Mitsubishi's Active Traction Control helps maintain traction on most slippery or rugged surfaces. Active Traction Control automatically controls the engine output – so driving wheels are prevented from spinning. Sensing loss of traction in independent wheels, it then applies braking force to that particular wheel and sends extra power and torque to other wheels with traction, keeping the vehicle moving and in control.

Auto Dusk Sensing Headlights[†]

Mitsubishi's Dusk Headlights automatically illuminate in fading light or when travelling through a tunnel, allowing you to keep your hands on the wheel and your focus on the road ahead.

Trailer Stability Assist

Preventing 'trailer-swing' when towing at speed, Trailer Stability Assist controls individual wheel slip to stabilise the trailer. The system detects when the trailer is starting to oscillate and automatically warns drivers behind by flashing brake lights on both the car and trailer.

Rear View Camera⁴ and Rear Parking Sensors⁵

Mitsubishi's Reverse Camera and Parking Sensors assist when parking in tight spots. Sensors detect and warn you if you're getting too close to objects behind you when reversing into a parking space.

Hill Start Assist

Steep city streets or congested shopping mall ramps are no longer a problem with Mitsubishi's Hill Start Assist technology. It prevents the car from rolling backwards by maintaining braking force to give you time to move your foot from brake to accelerator.

[†]GLX, GLX+, GLX-R, GLS and GSR only. ^{#13}GLX, GLX+ and GLX-R models only. ^{†4}GLS Deluxe and GSR only. ³The detection and control capabilities of FCM are supplementary only and do not prevent collisions in every situation. Please read the operation manual carefully and be aware of these limitations. ⁴Ultrasonic misacceleration Mitigation System (UMS) may not activate in some conditions. The engine output control activates when driving; 01-10km/h (not in N or P Position); obstacle/vehicle is within approx. 4m range; accelerator pedal is pushed hard or abruptly; driver is not turning to avoid obstacle/vehicle. The detection and control capabilities of UMS are supplementary only and do not prevent misacceleration in every situation. ⁵Available on pick up models only.

MITSUBISHI
DIAMOND
ADVANTAGE
GENUINE ACCESSORIES

NOT GENUINE?
DON'T RISK IT.

Triton's upgraded range of Genuine Accessories not only offer additional protection, they look awesome, so you'll be turning heads whether you're on the job or hard at play. Mitsubishi Genuine Accessories go through an extensive program of design, development and stringent testing to ensure they meet all applicable regulatory standards as well as Mitsubishi's own rigorous engineering specifications and performance targets.

Using Mitsubishi Genuine Accessories ensures you get the very best quality – as durable and reliable as the Mitsubishi you drive. Ask your Mitsubishi dealer for the complete list today.

Canopies and trays for the ultimate practicality. Make your Triton even more functional with our range of genuine Trays and Tray Accessories. Designed, engineered and constructed from durable aluminium or steel and rigorously tested to ensure maximum performance in the toughest environments, there's a genuine Mitsubishi tray to suit everyone's requirements.

Ask your Mitsubishi Dealer for the complete list and pricing today.

MITSUBISHI
DIAMOND
ADVANTAGE

WHEN ALL SCHEDULED SERVICES ARE COMPLETED AT A MITSUBISHI DEALERSHIP

All Mitsubishi Motors vehicles come with the Mitsubishi Diamond Advantage[#] – 10 Years Warranty^{*} and 10 Years Capped Price Servicing[^] and Roadside Assistance so that no matter where the road takes you, we will be there with you. Ask your Dealer or visit mitsubishi-motors.com.au to find out more.

[#]Conditions apply. Excludes Government, Rental and National Business customers. See mitsubishi-motors.com.au for further details. ^{*}10 Year/200,000km New Car Warranty (whichever occurs first and when all scheduled services are completed at a Mitsubishi Dealership). [^]10 Year/150,000km Capped Price Servicing (whichever occurs first). Includes the first 10 regular services (at 15,000km/12 month scheduled intervals). Some items excluded or subject to separate warranty. Any non-regular service/repair items are at an additional cost. Servicing must be completed by a Mitsubishi Dealer within 7,500kms or 6 months of the service due date. Valid from date of vehicle registration. Always consult your authorised Mitsubishi Dealer for the latest details, options, availability and conditions on New Vehicle warranty. All product illustration and specifications referred to herein are believed to be correct at the time of publication approval. Subject to any applicable Federal, State or Territory Laws or ordinances, which may apply from time to time. Mitsubishi Motors Australia Limited reserves the right, without notice, or obligation, to discontinue or make changes to designs, specifications, colours and material of the options and products referred herein at any time without incurring any liability to any purchase thereof.
