

GR86

Please Note: information is accurate as at April 2023.

Specification and imagery are indicative and should only be used as a guide. Vehicle and accessory specification, features, colour and trim may differ at the time of vehicle delivery.

A man in a black racing suit with white accents and a headset is jumping joyfully in the air. He is in a pit lane at night, illuminated by blue and white lights. In the background, there are pit stalls with 'TOYOTA GAZOO Racing' branding and other racing equipment.

OH WHAT A FEELING

You'll feel it with every drive. In every twist and every turn. It's our unwavering commitment to move you, not only today, but well into tomorrow as we relentlessly reimagine the future of mobility.

With our eyes on the horizon, we're committed to creating a future where all of humankind is empowered with the freedom to move.

Bred to thrill

Every aspect of the evolutionary GR86 has been designed to accentuate the pure exhilaration of spirited driving.

Technical feedback and expertise gained from TOYOTA GAZOO Racing experience ensures it delivers optimal handling and performance.

With its low centre of gravity and wide, assured stance on the road, GR86 is every bit as agile as it looks. Every element has been designed to provide a nimble, well controlled and linear feeling on the road.

More than horsepower alone, GR86 is carefully engineered as the complete performance package to extract every possible thrill from the art of driving.

**“We must start from the point
of loving cars even more”**

Akio Toyoda
President, Toyota Motor Corporation

TOYOTA GAZOO Racing

Pushing the limit to make ever better cars

.....

At Toyota, we believe people don't build cars, roads do. And the high-performance pedigree evident in every GR86 can be traced directly to the legendary Toyota 2000GT.

To continue the tradition of performance, TOYOTA GAZOO Racing was established more than 20 years ago as the brainchild of Toyota president Akio Toyoda, to push the limits and learn from the toughest challenges in motorsports.

Such spirit and conviction has seen outstanding success achieved by TOYOTA GAZOO Racing on the world's most famous race circuits and in legendary events, including the Le Mans 24hr, Nürburgring and WRC Championship.

Today, TOYOTA GAZOO Racing provides the inspiration to bring all the freedom and joy of driving to exceptional performance models in the range like the GR86.

Shaped to perform

The GR86 design represents the true essence of the front engine rear wheel drive sports car with light overhangs, low bodyline, a compact cabin and tapered rear-end.

The carefully sculptured lines include aero stabilisers, side spoilers and rear air breathers to enhance the airflow across every panel. Together they produce advanced aerodynamic efficiency and stability whether travelling straight ahead or sweeping through bends.

With a focus upon every small detail, even the wheelhouses have been carefully designed to minimise air disturbance during suspension movements when on the road.

The lightness of being fast

The lightweight yet incredibly rigid monocoque construction on GR86 seamlessly integrates weight reducing aluminium body panels, including the roof, additional cross members and other features including an effective rear spoiler with a high mount stop light and rear camera.

Up front LED self-levelling headlights and LED Diffused Daytime Running Lights (DRL) lead the way while the chrome exhaust tips highlight the rear.

The front bumper has been optimised to provide superior cooling efficiency and aerodynamics to enhance driving stability. The functional matrix grille scoops plenty of air to feed the engine and is finished with a unique G mesh design exclusive to the GR range.

Gripping connection

Providing genuine enjoyment from enthusiastic driving requires assured control and a firm connection to the road, whether pushing hard around the racetrack or through flowing mountain bends.

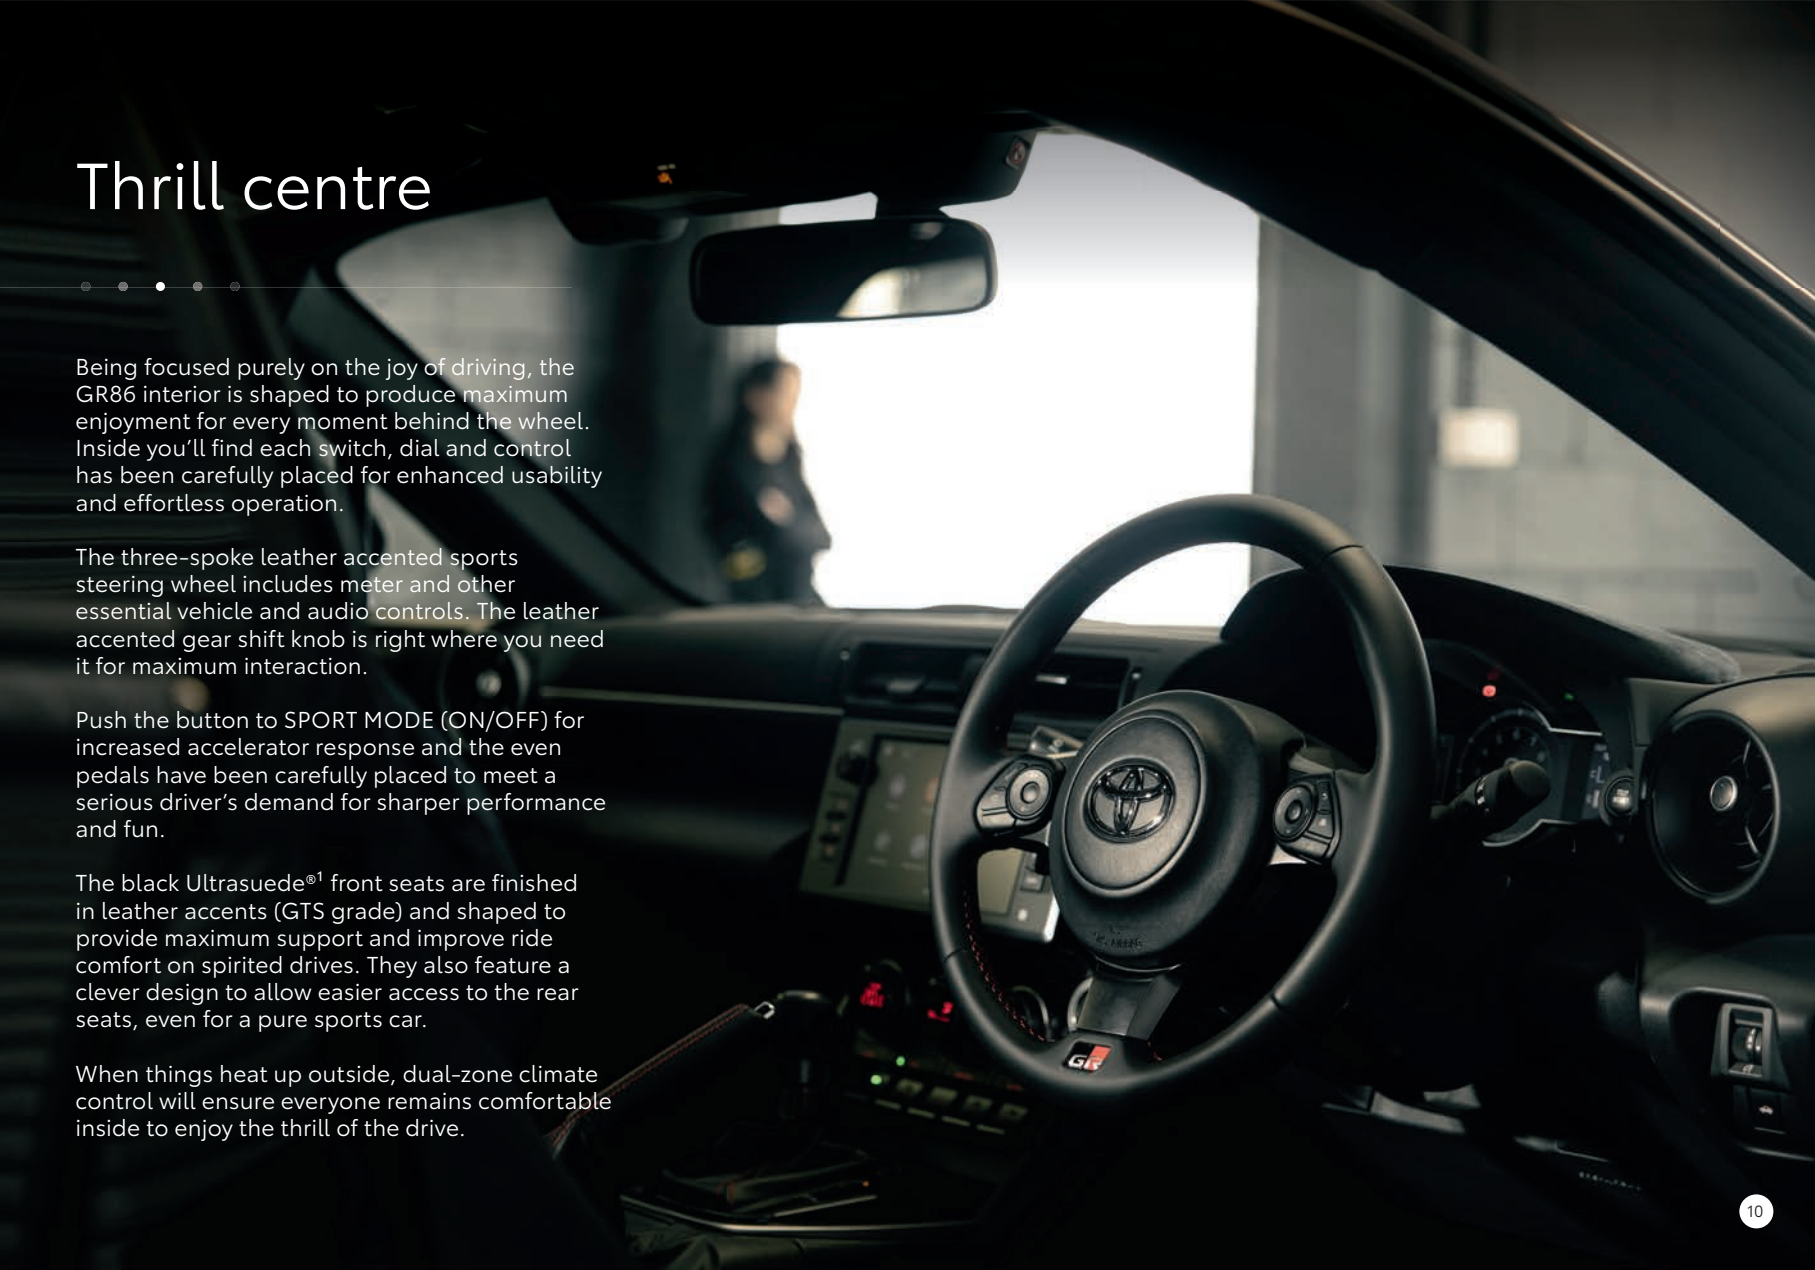

On the GT grade, 17" aluminium alloys featuring five spokes machined into a V shape are matched with high performance tyres that also add to the genuine ride comfort.

The matte black 18" alloys on GTS grade feature a motif based on the beauty of a Japanese sword and are matched with tyres that provide heightened levels of control and response.

These alloys are matched with powerful 16" ventilated disc brakes on the front and 15" ventilated discs on the rear, with oversize calipers for assured braking control.

Thrill centre

A detailed view of the interior of a Toyota GR86 sports car. The focus is on the three-spoke leather steering wheel with the Toyota logo in the center and a red 'GR' badge at the bottom. The dashboard and center console are visible, featuring a digital display and various controls. The car's interior is dark, with leather accents and a sporty design. A person is visible in the background, slightly out of focus, standing near the car's entrance.

Being focused purely on the joy of driving, the GR86 interior is shaped to produce maximum enjoyment for every moment behind the wheel. Inside you'll find each switch, dial and control has been carefully placed for enhanced usability and effortless operation.

The three-spoke leather accented sports steering wheel includes meter and other essential vehicle and audio controls. The leather accented gear shift knob is right where you need it for maximum interaction.

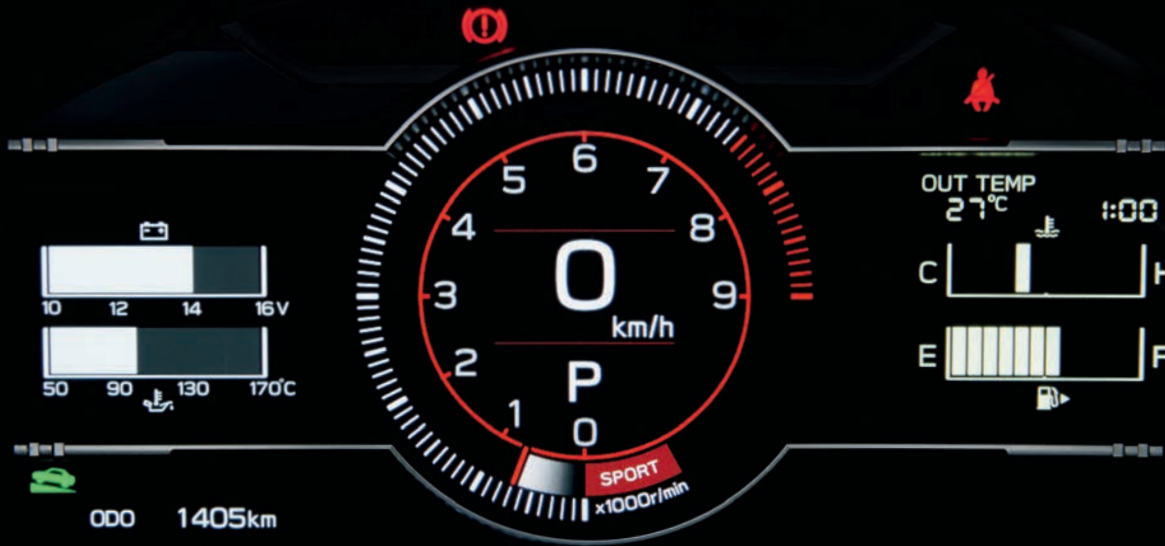

Push the button to SPORT MODE (ON/OFF) for increased accelerator response and the even pedals have been carefully placed to meet a serious driver's demand for sharper performance and fun.

The black Ultrasuede®¹ front seats are finished in leather accents (GTS grade) and shaped to provide maximum support and improve ride comfort on spirited drives. They also feature a clever design to allow easier access to the rear seats, even for a pure sports car.

When things heat up outside, dual-zone climate control will ensure everyone remains comfortable inside to enjoy the thrill of the drive.

Take total control

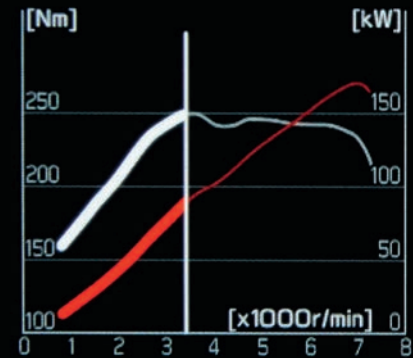

Drawing upon the TOYOTA GAZOO Racing experience, the technology in GR86 delivers a driving experience focused purely on the driver.

The 7" Thin Film Transistor (TFT) colour display places all essential speed and engine details right where the driver needs them. Switch to TRACK mode and it changes to a race spec display to instantaneously display gear position, engine revolutions and torque, lap times, G-forces as well as water and oil temperature.

The Multi Information Display (MID) also delivers essential driving and trip information including fuel and distance data.

An 8" Multimedia Display controls the 6-speaker premium audio system and navigation details. It features Bluetooth,^{®2} USB³ and AUX connectivity and links seamlessly with Apple CarPlay^{®4} and Android Auto^{™.4} to compatible devices. It also displays the rear-view camera⁵ with guidelines to help when reversing.

Power for the passion

Every spirited soul needs a strong and powerful heart. Guided by the racing ambitions of TOYOTA GAZOO Racing and inspired by the passion to place ever better performance in hands of every day drivers, the engine in GR86 delivers nimble response and control to let you drive the way you desire.

Primed for performance, it makes GR86 come alive and feel like a natural extension of you.

Pumping out 174kW of power and a forceful 250Nm of torque that revs freely to up to a lively 7500 rpm, accelerating from 0 – 100 kmh in 6.3 seconds, this is an engine you want to keep on pushing.

All this thrill inducing power is then seamlessly harnessed by your choice of a six-speed manual or six-speed automatic gearbox to further elevate the joy.

**“We would like users to fully
enjoy both aspects of the GR86:
everyday driving and motorsport driving”**

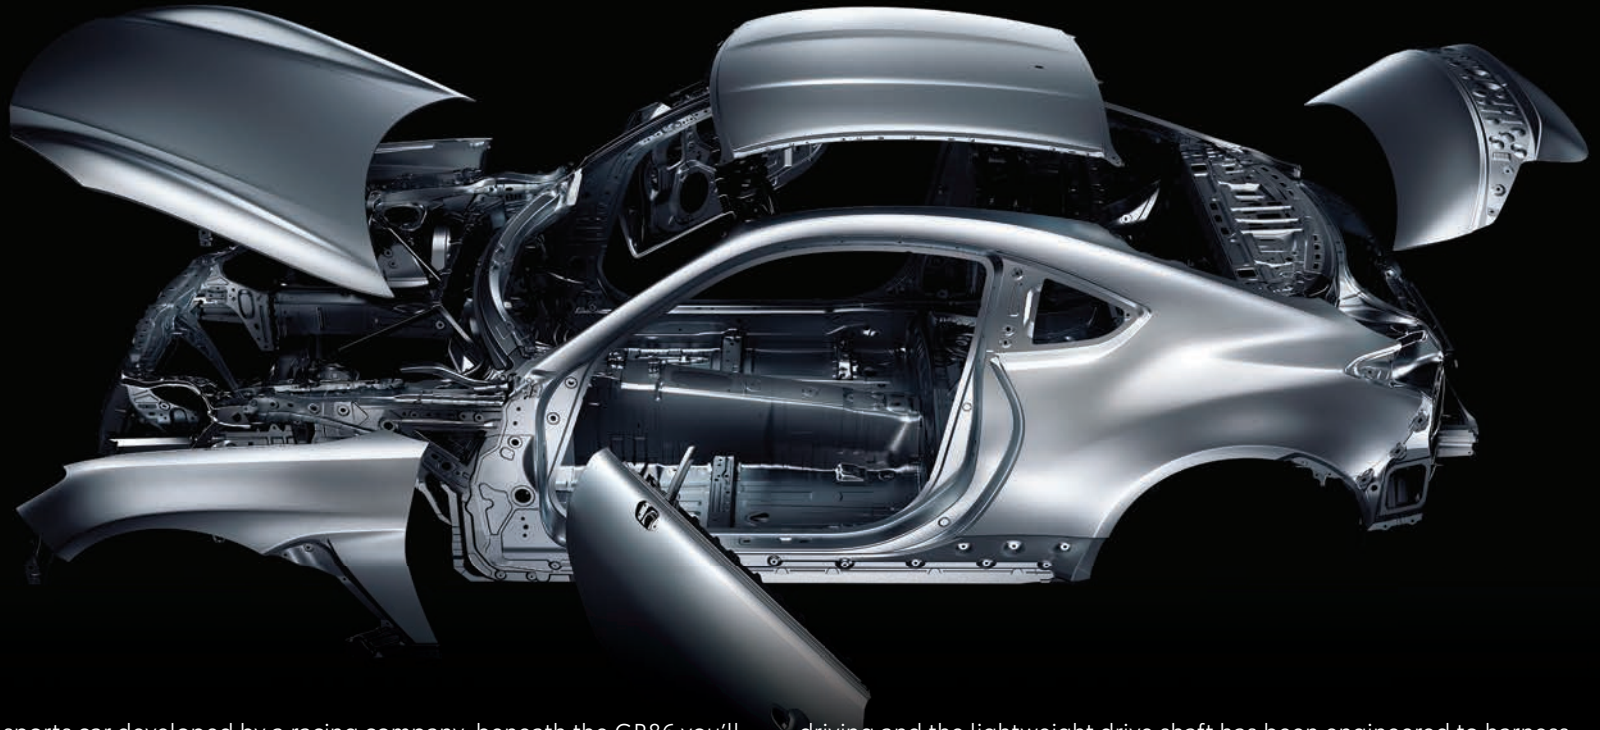

Toshiaki Noda

TOYOTA GAZOO Racing, Chief Engineer

Under the skin

As a sports car developed by a racing company, beneath the GR86 you'll find the building blocks of the complete performance driving experience. Hours of race track experience is behind the lightweight chassis being stiffened and optimised to provide outstanding rigidity and deliver exceptional on-road stability and handling characteristics.

To provide the high rigidity required for direct, high responsive control, the front knuckle is made of iron rather than aluminium. The front axle has been configured for increased durability to handle the demands of hard

driving and the lightweight drive shaft has been engineered to harness the impressive torque and power of GR86.

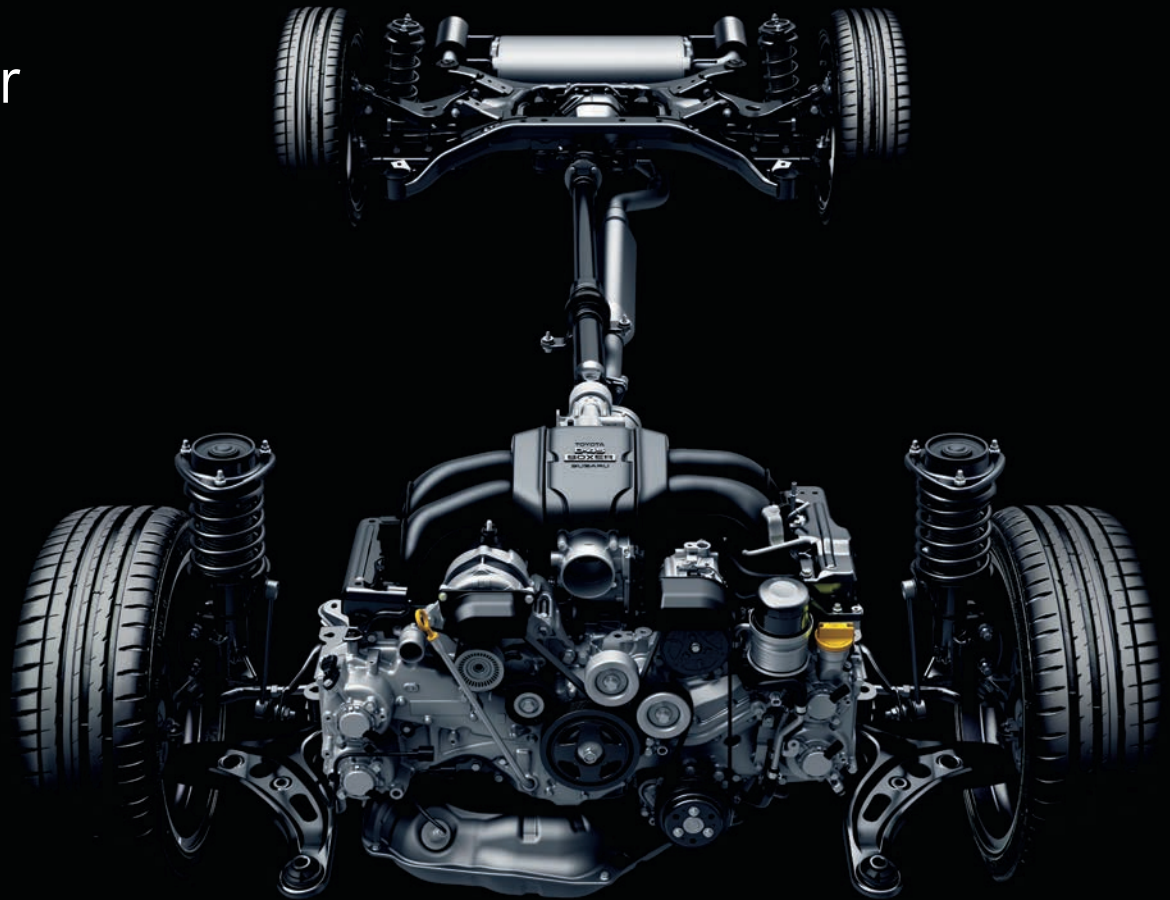

Assured on-road performance and handling is achieved with Macpherson Strut front and double wishbone rear suspension, together providing a reduction in weight and increased rigidity, further enhancing the sensation of driving a pure sports car. The stabiliser on the rear suspension also adds to the nimbleness and control when driving at the limit.

Champion boxer

Beating beneath the bonnet of every GR86 you'll find a high performance 2.4 litre 4-cylinder horizontally opposed boxer engine that packs real punch on every drive.

Weight reduction in the engine has been achieved using aluminium engine mounts, thinner camshaft walls and a resin rocker cover. At high revs the cross rib stiffening in the oil pan reduces vibration and noise.

Air guides installed on the radiator enhance cooling performance by increasing the airflow through the system. The air intake system has been optimised to enhance engine output by reducing reduce airflow resistance. The exhaust system has also been configured with an increased capacity to enhance on-road performance and throttle response.

GR86 GT

- 2.4L naturally aspirated 4-cylinder engine
- Available in 6-speed automatic transmission or 6-speed manual transmission
- Maximum power: 174kW @7000rpm
- Maximum torque: 250Nm @3700rpm
- 17" alloy wheels
- Ventilated disc brakes – 16" front and 15" rear
- Front Suspension: Macpherson Strut
- Rear Suspension: Double Wishbone
- Dual exhaust tips
- LED headlamps and Daytime Running Lamps
- Premium 3-spoke steering wheel, shift lever and parking brake
- Black fabric seats
- Digital Dash Cluster with 7" colour LCD Multi Information Display (MID)
- 8" colour touchscreen display with Apple CarPlay^{®4} and Android Auto,^{TM,4} Bluetooth^{®2} and AUX input
- 6-speaker audio system
- 2 x USB ports
- 2 x cup holders in centre console
- Smart entry and smart start
- Automatic climate control – dual zone
- Cruise control
- Reversing camera
- Seven SRS airbags⁵
- Automatic high beam – auto transmission only
- Automatic Emergency Braking⁵ (AEB) – auto transmission only
- Lane Departure Alert⁵ – auto transmission only
- Parking support brake and rear parking sensors⁵ – auto transmission only

GR86 GTS

In addition to, or in replacement of, GR86 GT features:

- 18" alloy wheels with performance tyres
- Black Ultrasuede®¹ and leather accented seats
- Driver and front passenger heated seats
- Sports pedals
- Premium door scuff plate
- Door courtesy lamp
- Rear Cross Traffic Alert⁵
- Blind Spot Monitor⁵

Interior trim options:

- Gunmetal grey seat accents with silver stitching on steering wheel, shift boot, handbrake, seats and door armrest, and black carpet with black floormats – front and rear
- Red seat accents with red stitching on steering wheel, shift boot, handbrake, seats and door armrest, and red carpet with red floormats – front and rear

Set the tone

The excitement GR86 delivers on the road is matched by a range of colours that are equally exciting and appealing to the eye. Whether you prefer your thrills to be a little subtle, or want to hit the road in bright bolder style, you'll find the perfect colour to match your desire for action.

● White Liquid⁶ K1X

● Ice Silver Metallic G1U

● Magnetic Grey P8Y

● Storm Black D4S

● Spark Red⁶ DCK

● Rapid Blue WCH

Unlock it all

When you join the Toyota family, you get so much more than a new car feeling. You unlock a whole range of benefits to keep you moving now and well into the future.

Discover your Toyota lifetime of advantages at toyota.com.au/owners

Toyota Genuine Accessories⁷

Developed alongside the vehicle, this unique advantage allows Toyota to design accessories, so they integrate harmoniously with the vehicle structure and safety systems. For more information, visit toyota.com.au/accessories

Toyota Service Advantage⁸

We'll keep the cost of your standard logbook service at a capped price for up to your first 3 or 5 years on the road, depending on the vehicle model. To find out your low capped service price, visit toyota.com.au/owners/service/service-pricing-calculator

Toyota Genuine Insurance⁹

With Toyota Genuine Insurance you're not alone. Over 350,000* Toyota owners have made the same choice because they know their Toyota's in safe hands. For more information, visit toyotainsurance.com.au

Toyota Access

Offering flexible finance options, lower monthly repayments¹⁰ and a Guaranteed Future Value,¹¹ a Toyota Access Loan means you can drive the Toyota you want today, knowing the future is taken care of. When your loan ends, you have options to trade, keep or return your vehicle. For more information, visit toyota.com.au/toyota-access

Toyota Certified Pre-Owned Vehicles

Enjoy the reassurance that comes with a Toyota Certified Pre-Owned Vehicle. Including an additional 1-year Toyota-backed warranty,¹² full-service history and 90-point inspection by Toyota Technicians. For more information, visit toyota.com.au/certified

Toyota Warranty Advantage¹³

Stick to your service schedule, and we'll extend your engine and driveline warranty from five to seven years, so you can drive stress-free for longer. For more information, visit toyota.com.au/owners/warranty
